## Morgan Quits Hazard Enrolls At Fulton

Bill Morgan, Hazard High School Football and Basketball star has transferred back to Fulton High School in Knoxville, Tennessee.

A check with Fulton officials revealed that Morgan has enrolled for the remainder of the school year.

The 6'2" inch junior was a regular guard on this year's Hazard cage squad that fell to state champ Breckinridge County, in the semi-finals of the State tourney.

There are conflicting reports that Morgan left Hazard because of what was termed too much pressure on him.

The reports say that Morgan was getting a good share of the blame for losing the tourney.

Hazard officials say there is no report of any more blame being placed on Morgan than on any other member or members of the team.

Hazard principal John Stringer told the Herald Friday that Morgan came to his office on Wednesday and said he was sick and wanted to be excused from classes to go home. Stringer said he learned the next day that the boy was in Knoxville.

Morgan was an all-Knox selection in his sophomore year after playing freshman ball at Hazard.

Hazard Basketball coach Rocco Shackelford said he knew nothing other than Morgan was

not in school at Hazard either Thursday or Friday.

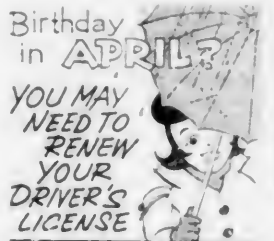

The quiet spoken Morgan was the regular quarterback on last year's Hazard Football team that won the Eastern Kentucky Mountain Conference and a berth in the playoffs.

## Strip Mining And Reclamation Men Receive 1965 International Scouts

On Friday, February 5, 1965, the Division of Strip Mining and Reclamation delivered to its field inspectors in Eastern Kentucky, new, 1965, four-wheel drive, International Scouts. The

use of these vehicles will better enable the Field Inspectors to inspect the strip mine operations and in providing better service to the strip mine operators. Painted on the sides of each vehicle is the name of the Division, the Department and the State seal which will help identify the vehicles to both the operators and the public. The field inspectors in both Eastern and Western Kentucky have purchased new uniforms having sleeve emblems on the jackets, identifying them as working with the Division. The new vehicles and uniforms have made both the public and other interested conservation groups become more aware of the Division and its activities, thereby, affording the Division the opportunity to explain the Strip Mine Law, its policies and programs. The Division anticipates this to create a much better understanding among the Division, the strip mine operators, and the public.

## Roy Kidd Signs Lad To Grant

Coach Roy Kidd has announced another top-flight football signee to an Eastern Kentucky State College grant-in-aid.

He is James Irvin Moberly, 5-10, 175 pound guard who captained the Richmond Madison team to the finals of the Kentucky Class AA schoolboy championship play-offs last fall.

Moberly, 17, was a three-year letterman for the Royal Purples coached this year by Booby Harville. An all-KK performer, he was an honorable mention All-State selection and has been chosen to play in the East West All-Star Game in Lexington.

Kidd calls the latest signee a real example of what desire and determination can do for a boy. He says Jim has all the "grit" of a fine college player and that we are happy that he chose to come to Eastern.

Kidd coached Moberly during his freshman year at Madison. Moberly in his year won the Jaycees Leadership Award. He is the son of Mrs. James Moberly, 297 Lenoir Drive.

## Viper Homemakers Hold March Meet

The Viper Homemakers met and held their monthly meeting at the Little Charlotte Dairy Bar, in Jeff, on Wednesday, March 10th at 10 a. m., with Mrs. Norman Combs as hostess. This was an all day meeting.

The devotion was given by Mrs. Belle Brashear, who read from the Bible 2nd Timothy, Chapter 1, Verse 1-5 and Chapter 3-4, Verses thru 17.

She then commented on many interesting thoughts of these scriptures and told of how it all goes along with being a good homemaker, mother, wife, neighbor or friend.

She then expressed bereavement for her husband, the late William Henry Brashear, who died recently.

She also quoted another scripture she thinks of so often and gets a great blessing from, Samuel 2, Chapter 12, 23rd verse: "But now he is dead therefore should I fast. Can I bring him back again? I shall go to him but he should not return to me."

She closed by giving a grateful prayer.

The secretary, Mrs. Alpha Brashear, called the roll. Each member answered by telling why they were glad to see spring begin.

Members all treasured the robins, their chirping, that makes everyone have such a happy get up and go feeling.

A time to look to where fall with its beauty seems to be a season to reminisce over the past.

The trees all budded and people getting around all cleared off to plow and raise their gardens. All were good thoughts indeed of coming of Spring.

At this time it was announced a letter from one of the club's oldest members, Mrs. Millard Holcomb said she was on her way home from Tallahassee, Florida where she and her husband have spent the winter.

Then it was announced by another member that Mrs. Floyd Hall Sr. and her husband would be home soon, after spending several weeks in Naples, Florida.

Mrs. Kendrick Brashear, president, gave a report on the counsel meeting and emphasized the duties of each officer and member and requested that we each put forth more effort so we will carry out same. So that officers may not be embarrassed at these meetings but proud to give a good report for our club.

Everyone agreed that that was right and promised to do their best so the Viper Club has a challenge now and all

who are interested in competing with the Viper Club will have to get busy to beat them.

The lesson for this month was given by Mrs. Corbett Brashear on "By lines for household linens, making selections of household linens today an exciting job."

This all depends on how you want to live. The lesson proves that if you want to feel the job of gracious living, table covers and napkins can help.

Using table coverings helps you to teach good table behavior and the chance to express your individuality and personality.

Other ideas on household linens were discussed and their uses in the kitchen, bedrooms and bathroom. The care of such linens is very important.

Pepia has been recommended as a good stain remover for all linens.

Watch your inventory for all linens, buying a few at a time, when you can get the benefits of the "White Sales." This completed the lesson.

The next meeting was set for next month at the home of Mrs. Norman Combs at Jeff.

Members present were: Mrs. G. Lee Brashear, Mrs. George Caudill, Mrs. Ruby Brashear, Mrs. Florence Whisman, Mrs. Cinda Combs, Mrs. Corbett Brashear, Mrs. Belle Brashear, Mrs. Troy Brashear, Mrs. Kendrick Brashear, visitors, Mrs. Mae Hickey, Mrs. Mae Campbell, Mrs. Jean Hall and the hostess, Mrs. Norman Combs.

Napier Students Write Articles On Teen Nutrition And Child Care

The following articles were written by M. C. Napier High School students in regard to nutrition and child care. These articles were written in connection with their studies on these subjects.

### TEEN NUTRITION

By Carol Combs

One of the areas that we study in Home Economics is foods. In first year there is the planning, preparing and serving of three meals for one day; second year - six meals for two days and third year, nine meals for three days. In all years we study nutrition.

Food is most important to teenagers. Now is the time we need good nutrition most of all. To build a strong body for the future. Without proper food we could not exist. Most of us have the privilege of choosing our daily meal. If it is not well-balanced, this is poor management to choose a Pepsi, bar of candy and potato chips. It is not planning for physical fitness. The future is in our hands.

We need food for energy to keep going and stay going. We need protein, minerals, vitamins, carbohydrates, and fats every day to build new tissues to replace old ones. We must eat all of these in correct amount to keep our body growing and glowing.

What we eat now reflects how we feel, our attitude, and our actions. How we eat is how we feel. What we eat now will show up later in our health. If we don't eat properly we are likely to have illnesses. Proper eating is a must to keep us at our best.

Not always are the necessary food the most expensive. For example Vitamin C, which is needed every day, may be found in plentiful amounts in fresh tomatoes and in food amounts if properly canned. Also, most every one can have fresh strawberries the year

around in the patch or frozen. They are an excellent source of Vitamin C.

Milk and Milk products even if they seem expensive compensate with the values in minerals. In fact Milk being nearly a whole food cannot be replaced or left out of the diet. One quart of Milk a day is a life saver.

Quoting a saying of unknown origin "What we will be, we are now becoming," and "We are what we eat."

Are we going to be physically fit to play our roll in life?

### CHILD CARE

By Vicki Castegnaro

An important phase of Home Economics is Child Care. It deals with teaching girls the correct methods of caring for children from infancy to adolescence. They learn that the training children receive in early life affects their personalities and attitudes in later years. The Home Economics program brings out the importance of well trained mothers. It is important to understand that children are people and all are different.

A mother molds with her hands an adult. It is up to her to see that the child is adjusted to his or her environment so as to be able to fit in as other children. The molding is a delicate job, one mistake may result in an introvert, extrovert or rationalizer. All these problems can be avoided if the mother has and used Home Economics training in Child Care. Through this program it is our aim to have more and better qualified mother's which results in more well rounded children.

Four Perry County Homemakers will help the Kentucky Federation of Homemakers celebrate the University's 100th year. Mrs. Charlie Combs, District President, Mrs. Charlie Fugate, County President, Mrs. Elmer Hall, County Publicity Chairman and Miss Margaret Lowery, County Reading Chairman will attend. We will leave Tuesday for the state meeting and will be home following the banquet on Thursday night. Mrs. Fugate and Mrs. Hall are Perry County's voting delegates. One of the four scholars designated as Centennial Professors, Dr. Kenneth Benne, director of the Human Relations Center at Boston University, will present one of the keynote addresses of the Federation on Wednesday night. Dr. Benne is lecturing at the University this semester in his capacity as Centennial Professor. Scheduled for the opening session of the meeting on Tuesday night is an address directly concerning the Centennial observation, presented by Dr. Glenwood Creech, vice president of University relations.

"Poised for the Future" will be the subject of Dr. Creech's talk—and the Federation members also will be considering the future of their organization and of their communities during the three-day session. "Homemakers — Community Builders" is the theme of the

This the 14th day of the good old spring month of March, 1965 has brought on more talk here than the weather, planting those gardens, or getting them ready to plant. The last two weeks and the one to come forward the main topic has been basketball. Which is one of the finest competitive games I know of. Folks it draws us closer together here in our region. Now next week we will broaden our steps as we have done before, we will move into the bright lights of our neighbors down state way. We have had two fine tournaments in both the district that was held here at Hazard, also the Regional that was held in the new Gym at Jackson, Ky. One of the finest things I have heard so far is the fine sportsmanship that has prevailed through out these two tournaments. Reminds me of the days of my youth. Lets get behind our team that will represent us at Louisville at the state tournament, this is not always true, many things can happen in a short time during this short time. Lets take everything into consideration before we start an issue. So far this year's tournaments have one thing to me that our neighbors have a definite competitive spirit. No one team is upon a pedestal without fighting for it. Now I would say let's go UNITED to Louisville with the same spirit, united in the region that all are interested in.

#### NO DOUBT MANY

Of you have heard of the clean up campaign that is now being on a state wide basis, folks this shouldn't have to be jogged into our hands if the certain amount of pride that we should have in the interest of all would only be carried out. If we intend to expect visitors from other sections not only of our state, but also other states. They want to look at clean scenery and streams. Nothing could mar the scenery of our red bud and dogwood when they get in bloom, more than by a pile of garbage, and old auto body rusting away at the foot of our hills where these 2 beautiful trees bloom. The roadsides and ditch lines covered with the filth and refuse that has been thrown out from passing cars. Not only is it done by motorists it is also done by many that live along the highways and byways in Eastern Ky. I have picked up cans and papers twice right on a street where I live this spring. I often wonder how much hammering, and jogging peoples minds in regard to the LITTERING OF OUR STREETS, HIGHWAYS AND BYWAYS. Personal pride should enter into a certain amount of self respect. I can understand why there no painting and the like done, that cost money. But this trash piling doesn't. Wont you lend a hand up and down all the roads and highways, streets in each Community you live in. Once you see how easy it is to do it, then your neighbor will catch on, won't you be the one to start it in your own local area. To me this is what gives your County, Town, Hamlet, Village a good name. It doesn't cost much to be on the cleanliness side. Why not lift your area now, don't wait for some one else to start the ball rolling.

#### THANKS TO SO MANY

Of you that are on this readers column at this season of the year. Mrs. O. Sebring of Thayer, Missouri. Your hard hull cushaw seed should have reached you by now, can't place you at this time, since you take the Herald,

I am confident you are one of us from this region, also to you Mrs. Delbert Joslin of Marions, Iowa, many thanks for your kind remarks in regard to this Hill Billy's Column. received the papers you sent me, in a way it makes me ashamed of our winter when I saw the pictures of the snow almost over your parking meters. I will still take ours, these snows is nothing to brag about as far as I am concerned. Give me that breezy fresh weather without the snow and ice. I wish the time could permit in this column to publish your letter in its entirety, but of course this you realize can't be done. Yes I recall my grand, mother and many others that you spoke of, such as Aunt Betis Cornett, well I recall all of their exploits of the days gone by, sure they could knit up a storm, and smoke their clay pipes and never lose a stitch. Uncle Ira Combs and his baptizings, yes I know at time it was pretty frigid weather when he soused them with leclles on his beard, this I don't know, under. I have heard that they have seen him with leclles on his beard, this I don't know, but have seen him at these meetings you speak of. I don't know but what a little of this religion was reborn today it might help stir the devil into the back seat.

#### THE VERY FIRST

SPRING GREENS I have had was fetched to me by Mrs. Brent Logan up near Jeff way, she not only brought me the big poke of greens, she also had a hunk of the head that flavors such greens in making them taste as they should, in case none of you know what the head is, it is nothing more but pure old hog meat well seasoned as it should be. Polk sallet is on the mend in certain sections, it won't be too long for that. Folks I believe it is one of the smoothest vitals you ever ate, it has something like lubricating oil in its contents, no more need to be said, you just can't over do a good thing such as eating polk sallet and spring greens, it will make you over de your self toward the out house. Just take it gradually so that you can become adjusted to these sudden changes from winter to spring. Bear in mind it is not summer by any means, the weather is still cool, even certain flowers are blooming, also the big robins are hopping around all over your yard.

#### MANY THANKS TO YOU

Everett Branson up Maceys Creek way, also to Mrs. Charles Patterson a well as the correspondent for the HERALD down Levi and Vincent way Mrs. Sherman Turner, folks it is nice to hear from you from one way or the other, also to you, Mrs. Mary Ratcliffe, Oscar Campbell from up near Middletown, Ohio. Glad to see you back home, Oscar says this is the land of milk and honey, Oscar I hope that you are sure of this, I will wonder when the spring really blossoms forth, how you are going to feel tied in with all those buildings. Where are you going to make that mustard and lettuce patch? Folks I have had several comments in regard to the way I spelled ASEFOTIDA few weeks ago. If this isn't right some of you call my hand on this infernal weed. As I feel tonight I think I could use a little of this.

#### ROUND AND ROUND

FISH WILL BE BITING BEFORE YOU KNOW IT. Be Prepared.

## TWO WAYS TO TREAT YOUR NEIGHBORS

The Great Wall around China—traditional symbol of contention between nations.

A typical highway crossing on the boundary between the United States and Canada.

For more than 500 years, the 1500 mile Great Wall around China has been a symbol of international fear, distrust and misunderstanding. In dramatic contrast—the 3000 mile border between the United States and Canada has been unfortified for 148 years. The scene above pictures a lovely boundary post and a Kiwanis International Peace Marker. Canada-United States Goodwill Week, April 25 to May 1, commemorates the signing of the Rush-Bagot Agreement which demilitarized this long border that the late Sir Winston Churchill described as "an example to every country and a pattern for the future of the world."

Kiwanis International, which celebrates its 50th anniversary this year, is proud of its contribution to the peaceful neighborliness which exists between the United States and Canada.

## Kiwanians Spearhead Observance

### Of Canada-U. S. Goodwill Week

Kiwanians on both sides of the border are spearheading the 42nd annual observance of Canada-U. S. Goodwill Week, April 25 - May 1, according to George H. Pendleton, President of the Hazard Kiwanis Club.

April 28, which falls within Canada-U. S. Goodwill Week, is the 148th anniversary of the signing of the Rush-Bagot Agreement which demilitarized the 3000 mile border between Canada and the United States; hence the dates.

To dramatize the peaceful nature of this coast-to-coast boundary, Kiwanians in both countries have set up some thirty-five "peace markers," one at each principal port of entry.

Kiwanis, which celebrates its own Golden Anniversary this year, has grown up simultaneously in the United States and Canada, President Pendleton said. The encouragement of mutual friendship between the two countries has always been one of Kiwanis' prime efforts, he added. Canada-U. S. Goodwill Week, which is now widely observed, was established by Kiwanis.

Of the unguarded 3000 mile border between the two countries the late Sir Winston Churchill said, "That long frontier from the Atlantic to the Pacific Oceans, guarded only by neighborly respect and honorable obligations, is an example to every country and a pattern

## FOR THE PEOPLE

# LARRY M. CRUTCHER

for

## MAGISTRATE, Democrat, DISTRICT 5

I would like to this opportunity to introduce myself and platform in my bid for the office of Magistrate.

I am the son of the late Frank Crutcher and Corba (Brashear) Crutcher and the grandson of James (Flathead Jim) Brashear and Sallie (Hall) Brashear, of Viper.

For the past 12 years I have been very active in many civic clubs and programs. I am a Veteran of Korea and the Berlin Crises and have been an active member of the Army Reserve for the past ten years. I have attended many Army Schools, including Pre-Commission School, N. C. O. Military Academy, Moss Mgr. Instructor School and several other short military courses.

I have received certificates of achievement, letters of recommendation, have been chosen Soldier of the Month on active duty and Soldier of the Month in the Army Reserve Program.

I am a member of the Junior Chamber of Commerce and a Mason in Hazard Lodge 676.

My platform is stated in the heading of this message, I am "For The People", because all public officers should be just that.

## IF ELECTED, I PLEDGE . . .

1. I will support the community in any way to make it a better place in which to live.
2. I think the community needs experienced leadership, and I can offer that.
3. I will support the training program and help more unemployed fathers receive the training they need for a better job.
4. If elected Magistrate in District 5, I will see that every man, woman and child receives a fair and just trial.
5. To end poverty, I believe we must start where it begins, by helping each other and being the first here in District 5 to move forward by action instead of so much planning and No Action. We must start here in the lower offices of our county instead of higher offices of our land, to bring an end to the poverty.
6. I will work for more rural roads to be built in the communities where there are hardly any passable roads.
7. I also believe that the public should be invited to attend the Magistrate Court when in progress and the Fiscal Court meetings when they are held.
8. I also believe that each Magistrate who receives the monthly \$200 salary should be impelled to attend the Fiscal Court Meetings.
9. I will ask the members of the Fiscal Court and the County Judge to work together and work harder to find some kind of an industrial plan to locate in our county to give our people employment.

I am asking for your vote and support in the coming election.

VOTE FOR A MAN FROM THE YOUNG GENERATION.

LARRY M. CRUTCHER.
